

King's Health Partners Executive Fellowship in Surgical Leadership

Thank you for your interest in the King's Health Partners' **Executive Fellowship in Surgical Leadership**.

Join the programme and benefit from the community of real-world med tech, entrepreneurship, and leadership experts as well as the unique opportunities on offer from the [King's Health Partners Academic Health Science Centre](#) ecosystem. We will assist you in becoming an inspiring and skilled leader, we will empower you to navigate contemporary healthcare system challenges and we will help you drive impact across your organisation and beyond.

To prepare your application for submission, please have the following available:

- **Curriculum vitae/résumé:** including a list of any awards or publications
- **Supporting statement:** a written response to the two questions below.
 - Why would you like to be considered for this fellowship and what are your post-programme goals? (500 words)
 - What project ideas are you bringing to the programme – clinical and entrepreneurial? (300 words)
- **Letter of recommendation:** This should be provided by your clinical supervisor/Head of Department, showing their support for you to undertake the fellowship and how this will be financed (if they are supporting this).

For any assistance, please email your questions to KHPLeaders@kcl.ac.uk. We look forward to reviewing your application.

Application form

Why would you like to be considered for this fellowship and what are your post-programme goals? (500 words)

What project ideas are you bringing to the programme – clinical and entrepreneurial? (300 words)

Empty text area for project ideas.

Section 3: Equal opportunities monitoring form

King’s Health Partners is committed to promoting equality and eliminating unlawful discrimination, and we are aiming to achieve diversity in the range of people we involve. We understand that some of this information is personal and sensitive in nature. However, gathering this data helps us to know if we are succeeding in involving different groups of people, and to change our approach if some groups are not represented.

The information you provide is anonymous and will not be stored with any identifying information about you. We may use anonymised statistics and data to inform discussions about improving the diversity of our patient safety partners and inclusivity of participation opportunities, but no information will be published or used in any way which allows an individual to be identified. All details are held in accordance with the Data Protection Act 1998.

The information that we are asking you to provide is informed by our duties under the Equality Act 2010, and includes information about your age, race, sex and sexual orientation.

General questions

Gender

Marital status

Date of birth

Ethnic Origin

Ethnic origin does not mean nationality, but normally refers to the people or culture with which a person’s immediate family identify.

I would describe my ethnic origin as follows:

Equality and Diversity Monitoring
